

# RIDE IS A DREAM

**DREAM of freedom...  
escape from everyday.**

**DREAM of adrenaline in your veins,  
endless roads and breathtaking views.**

**As great as it sounds  
the RIDE could be a challenge.**

## DEEMEED'S DNA

Our Mission is to fulfill the DREAM  
& overcome problems while riding  
a motorcycle.

Our products are inspired by you.  
They are made from the best  
materials in the world.

They are upgraded at all times  
and we provide service.  
We are where you are  
and we've got your back.

We save your time and  
take worries off your shoulders.

**We want the RIDE DREAM to come true.**

DISCOVERY

DESIGNED FOR  
REAR MOUNTING,  
REINFORCED  
CONSTRUCTION,  
WATER RESISTANT,  
6 EXTERIOR POCKETS,  
EXTRA ACCESSORIES

#### INCLUDED IN EACH BAG ARE:

- ⊙ extra strength velcro double straps - universal mounting system (detachable)
- ⊙ two long strong belts with aluminum buckles and neoprene protection sleeves.
- ⊙ detachable shoulder straps with double function: as backpack or shoulder strap
- ⊙ cargo net
- ⊙ black rain cover with reflective stripes (fluoro-green as option)
- ⊙ flat packed for easy transporting and storing
- ⊙ aluminum plate for narrow and small luggage racks (as option)

**30** YEARS OF WARRANTY

**RIDE IS A DREAM**

# TECHNOLOGY

## detachable shoulder straps

dual function: as a shoulder strap or backpack

## reinforced bottom and rear

bag keeps its shape when mounted on bike  
aluminium plate available as option for narrow racks

## universal mounting system

adjusts to all sizes of sissy bars

## orange interior

better visibility to find stuff

## reflective elements

increase your visibility and safety on the road

## 4 stainless steel mounting rings

provides stability and safety of bag and easy mounting, no extra straps required

## SIDE WALL INTEGRAL STIFFENING SYSTEM SWISS

When mounted on the bike, SWISS will make the whole structure of the bag much more rigid and very resistant to any deformation even when fully loaded.

## one on another

Easy to fix Explorer S or M on top of Discovery bag

## cargo net attachments

attachments points on the edges enable cargo or helmet to be placed safely

## aluminium buckles

withholding up to 300kg, easy weaving through narrow mounting parts of the bike, neopren sleeve protects against possible hits and scratches on paint or chrome

## reinforced handle

comfortable soft handle

## reinforced top

will not pull on the zipper and flap when bag is heavy

## zipper tags

designed for easy access, even when wearing gloves

# ACCESSORIES INCLUDED

## fluoro-green reflective rain cover

water resistant  
increases visibility up to 150m in the night, rain or fog

## rain cover

extra protection during heavy rain as well as dust on long trip

## cargo net

extendable cargo net with 6 hooks for attachment

## transport bag - flat pack

designed for flat packing, shipping and storing. Can be used as a laundry bag.

DISCOVERY

## DISCOVERY RECTANGULAR SHAPED BAG WITH A LARGE MAIN COMPARTMENT AND A ZIPPED MESH SMALL POCKET INSIDE

- ⦿ Four exterior pockets - three side, one front. Hard base construction and reinforced sides.
- ⦿ Stainless steel mounting elements, aluminium buckles, strong double strapped, Universal Mounting System

for sissy bar - all to ensure a sturdy mounting for heavy luggage.

- ⦿ Mounting system is detachable - bag can be used to just travel - not only by bike
- ⦿ Easy to attach cargo net

**30** YEARS OF WARRANTY

**RIDE IS A DREAM**

# DISCOVERY SERIES

## DESIGNED FOR MOTORBIKES WITH SMALL FRAME

- Only 40 cm / 16" of width - making mounting stable on small and narrow luggage rack or passenger seat.
- Designed for motorbikes with small frame (Spotster®, Dyna®) - of course works well with all larger bikes.
- Suitable for up to two people on a weekend trip or extra luggage with saddle bags.
- Possible to mount EXPLORER SMALL on the top (double rain cover necessary)

- 55 liters
- 41 cm / 16,1"
- 50cm / 15,8"
- 25cm / 9,8"

SMALL

TUBE

**TUBE SHAPED BAG  
WITH BIG MAIN COMPARTMENT,  
SIDE POCKETS,  
HANDY POCKETS  
UNDER THE TOP COVER.  
ORANGE INTERIOR**

#### INCLUDED IN EACH BAG ARE:

- ⊙ black rain cover
- ⊙ double belt USM
- ⊙ two long belts with aluminium buckles ( the belts are 2.5 cm wide with flat ends, what makes them easy to feed them through very narrow parts of the motorcycle)
- ⊙ set of "loop", belts that allow a quick mounting of the bags in spaces with limited access
- ⊙ travel and storage bag (designated to pack the bag flat to make it smaller for shipping or storage)
- ⊙ Can also be used as a laundry bag
- ⊙ catalogue and instructions
- ⊙ side reflective velcro sticker "DEEMEED"

**30 YEARS OF WARRANTY**

**RIDE IS A DREAM**

# TECHNOLOGY

## universal mounting system

USM allows matching the bag to all sizes of sissy bars or back rest.

## reinforced handle

comfortable soft handle

## aluminium buckles

withholding up to 300kg, easy weaving through narrow mounting parts of the bike, neopren sleeve protects against possible hits and scratches on paint or chrome

## Stiffen up bottom back and side

(honeycomb structured plastic plates) guarantee that the bag never changes its shape, even when empty

## reflective elements

increase your visibility and safety on the road

## reinforced top

will not pull on the zipper and flap when bag is heavy

## zipper tags

designed for easy access, even when wearing gloves

## orange interior

helps to find things inside

## 4 stainless steel mounting rings

provides stability and safety of bag and easy mounting, no extra straps required

## rain cover

extra protection during heavy rain as well as dust on long trip

## transport bag - flat pack

designed for flat packing, shipping and storing. Can be used as a laundry bag.

## fluoro-green reflective rain cover

water resistant increases visibility up to 150m in the night, rain or fog

## quick lock and release side bracket (optional)

quick and convenient and disassembly lockable with key

see 34

**TUBE SHAPED BAG WITH BIG MAIN COMPARTMENT, SIDE POCKETS, HANDY POCKETS UNDER THE TOP COVER. ORANGE INTERIOR**

- ⦿ Ideal bag for a weekend trip for 1-2 persons.
- ⦿ The small dimensions allow the bag to be removed and carried along to a restaurant or a hotel.
- ⦿ Side pockets are big enough for a rain suit. The bag could be comfortably carried by the handle or shoulder strap.

- ⦿ It looks great on any kind of motorcycle.

The bag is narrow enough (40cm), to be installed on the passenger seat of motorcycles like Street Glide or Road Glide where the top cover of the side hard cases opens up from inside out.

MA23CRS\_EXP\_L

MA23L\_EXP\_L

don't be a slave  
to your riding gear

WITHOUT  
HELMET BAG

## ONE DAY OF FREEDOM WITH THE HELMET BAG

When you stop...

1

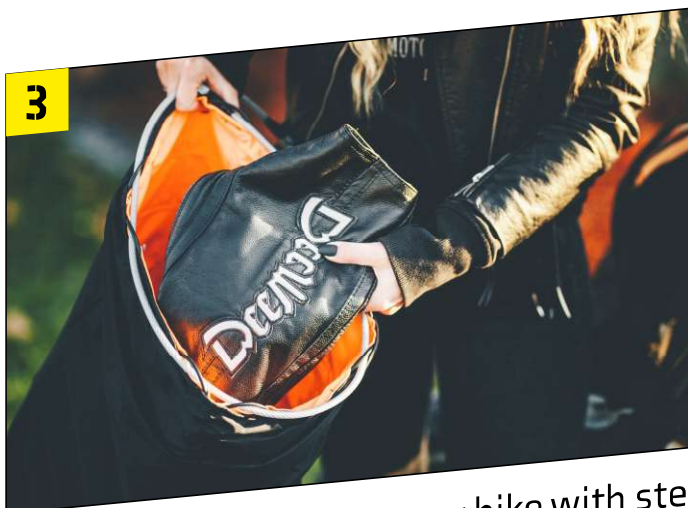

2

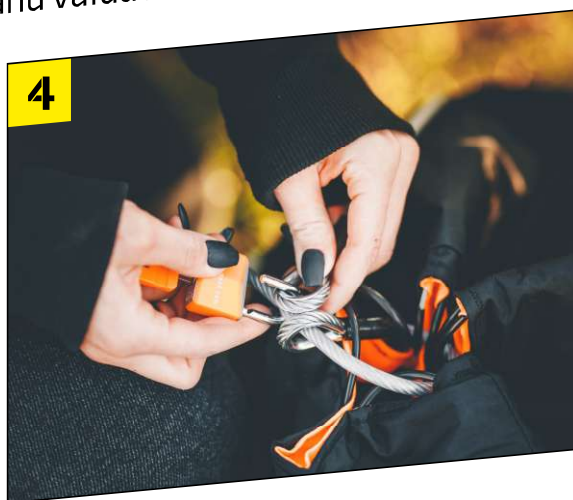

Put your helmet, jacket, and valuable stuff in to HELMET BAG

3

4

Then secure the bag to your bike with steel cable and lock.  
You get up to 42 liters of secure space.

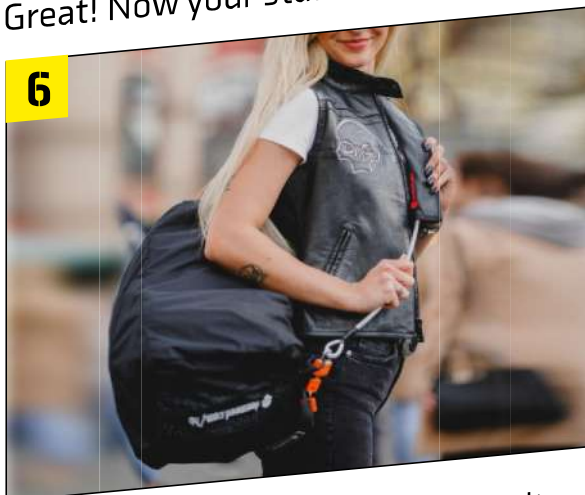

enjoy your freedom with  
security helmet bag

- ▲ Hang the HELMET BAG upside down on the handle bar to make it waterproof. Great! Now your stuff and bike are secured.

There is also another option ...

6

On a shoulder as a marine bag, secure it to any solid structure (tree, lamp post, ect.).

7

Now you can relax - take a nap, go to swim, ect.

8

When you're done simply compress the bag and put it into a small transport bag.

9

Now It's so small that you can mount it on your bike.

ENJOY THE FREEDOM!

**KEEP YOUR STUFF  
SECURE. EASY TO  
FIX ON EVERY  
KIND OF BIKE**

**HELMET BAG**

# DEEMEED CLAW PHONE HOLDER

Universal handlebar phone holder for motorcycles.  
Dedicated to all waterproof phones.

 NEW PRODUCT

attach it to the handlebar  
- adjustable with a butterfly screw

-adjustable with two buttons horizontally (6,30-9,00cm) and vertically (11-17cm)

easy to fix

excellent stability

super grip power

- Currently most of the mobile phones are water resistant with IP67. It's not necessary to create waterproof cases just for the phones.
- Smartphones do not cost fortune this days, and are great alternative to very costly navigation systems for motorcycles. It is crucial that the phone is well attached but also easy to take off (especially when wearing riding gloves).
- This is exactly what our DEEMEED CLAW PHONE HOLDER will do for you.
- It is also important to mention that in many models of motorcycles which don't have a tachometer in the center of the handlebar this is the perfect location for installing the CLAW holder. Thanks to that navigation system will be aligned directly with our line of sight and the road in front of us.
- Because of that we will be able to focus more on handling the motorcycle without taking eyes of the road.

MA081\_CLAW\_PH

## MOUNTING HOOKS

 NEW PRODUCT

- unique solution of mounting for custom bikes.
- powder coated steel covered with natural leather
- 2,5cm slot compatible with DEEMEED mounting straps
- set of 2

MA 940\_H00KS\_X2

SECURITY & TRAVEL

## CURVED MOUNTING PAD WITH SIX SILICONE SUCTION CUPS

- ⊙ Black mounting pad with 6 soft silicone suction pads.
- ⊙ Flexible thermoformed material, profiled to the curve of the fender on the bottom and curved on the top to match the shape of EXPLORER or TUBE bags
- ⊙ The outer layer of the pad is made with anti slip material and thanks to the mounted bags do not slip or slide.
- ⊙ Bags installed on that pad are very stable and seat very well.
- ⊙ Excellent alternative to a back rack for people who do not like permanent accessories installed on their motorcycles

MA9454BAGPADCURV

## MOUNTING PAD WITH SIX SILICONE SUCTION CUPS

- ⊙ Flexible thermoformed material.
- ⊙ Very good alternative for a back rack.
- ⊙ The pad can be installed aligned with the fender or in case of very wide fenders it could be put across.
- ⊙ Before installing it is necessary to wipe the fender with wet cloth to make sure that no debris is getting under the suction cup
- ⊙ Dimensions : 21,5x14x5x4 cm

MA9451BAGPADBR

MA9451BAGPADBL

# ALUPLATE

- ⊙ 3mm thick aluminium plate designated for DEEMEED bags
- ⊙ it gives extra stiffness and sturdiness to the bottom of the bag
- ⊙ the plate is inserted into a special pocket in the bag that opens and closes with a Velcro strap
- ⊙ the plate should be placed in addition to existing plastic plate in a space between the actual bottom of the bag and that plastic plate

## DEEMEED RIDER-DRYER

- DEEMEED towel is made of evolon: combines excellent mechanical properties with the benefits of textiles, such as comfort, softness and drapability,
- can absorb 4 times its own weight in water,
- providing users with excellent wiping performance,
- will dry 2 to 3 times more quickly than traditional towels,
- can be washed at temperatures up to 95°C and can be optionally equipped (optimal hygiene),
- take up 5 times less space than terry cloth towels, is an undeniable advantage for bikers but as well for sportspeople, campers, hikers and other travelers.

30 x 18 x 3 cm

# QUICK LOCK AND RELEASE SIDE BRACKET

- >> Lockable with a key, which is only removable in the locked position.
- >> The locks are protected with an anti-dust and mud layer.
- >> Allows using Explorer Small or Explorer Medium / Tube Medium.
- >> Metal structure is detachable along with the bag.
- >> For everyday use, with no bags attached, the only visible parts installed on the motorcycle are very discreet small bushings.

**Left side:**  
Dyna and other models with shocks on the sides

the same part  
is the Right side for Softail models
