Goldstrike

A DIVISION OF CIRO

Check out the full line of Goldstrike® accessories at goldstrike3d.com

Our Plug-n-Play Lighting Installation Kit is required to install most Goldstrike® lighting. The Plug-n-Play Lighting Installation Kit (P/N **48000**) will accept four pairs of lights. To expand your lighting system add a Y-splitter (P/N **48001**). Our design utilizes factory style waterproof locking connectors for easy install with no modifications to your motorcycle.

(A) Plug-n-Play Lighting Installation Kit

Plug-n-Play Lighting Installation Kit must be purchased separately on all Goldstrike® LED products.

PART# Description

48000* Plug-n-Play Lighting Installation Kit (pair)

48001** Lighting "Y" Splitters (pair)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

* Required to install Goldstrike® front and rear end lighting components.

** Required to install Goldstrike® rear end lighting components when there are more than 4 accessories.

(B) LED Reflector Replacement (Patent Pending)

The Goldstrike® LED Reflector Replacement eliminates the dull factory reflector just above your license plate, replacing it with a whole new interpretation of accessory lighting. The LED Reflector Replacement features Plug-n-Play connectors and does not require Plug-n-Play Lighting Installation Kit (P/N **48000**).

PART# Description

40035 LED Reflector Replacement

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

(C) LED Filler Panel Lights (Patent Pending)

The Goldstrike® Filler Panel Lights add super bright LEDs to the back of your motorcycle to help assure you're seen. Featuring high intensity plasma amber turn signals, red run and red brake lights. Light-pipe technology and ground breaking optics allow for visibility even when viewed from a sharp side angle. These are a must for any rider!

PART# Description

40030 LED Filler Panel Lights (pair) (chrome)

40031 LED Filler Panel Lights (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

Plug-N-Play

Goldstrike

A DIVISION OF CIRO

A Tour Blade® LED Lights (Patent Pending)

Designed to add LED run, brake, and sequential amber turn signal lights higher up on the back of your motorcycle to dramatically increase visibility. The LEDs are built into a low profile, lightly smoked lens to blend right into your motorcycle while enhancing the factory styling.

PART# Description

48200 Tour Blade® LED Lights

Fits: 2018-up Gold Wing Tour, Tour DCT, Tour DCT Airbag

Plug-N-Play

B LED Trunk Light (Patent Pending)

Add stylish and bright LED run, turn, and brake lights to the back of your motorcycle. With super bright sequential red turn signals, this LED light will enhance the look of your motorcycle while also increasing visibility and safety on the road. Installs below any optional luggage rack for maximum visibility.

PART# Description

48004 LED Trunk Light (chrome)

48005 LED Trunk Light (black)

Fits: 2018-up Gold Wing Tour, Tour DCT, Tour DCT Airbag

Plug-N-Play

C LED Saddlebag Lights (Patent Pending)

These run-turn Saddlebag Lights are simple to install with no drilling and use the Goldstrike® Plug-n-Play Lighting Installation Kit so no messy wiring. The design adds visibility to the side of your Gold Wing as well as the rear. Designed to seamlessly flow with the motorcycle's styling, you are adding style and safety at the same time.

PART# Description

40036 LED Saddlebag Lights (pair) (chrome)

40037 LED Saddlebag Lights (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

A LED Rotor Covers (Patent Pending)

Making a statement is what these LED Rotor Covers are all about. Brilliant chrome or gloss black modern styled housings float the amber rings of light over your rotors to create an impressive display of light. No drilling or wire splicing needed. Simple Plug-n-Play running lights are standard. Use with P/N **48000** Plug-n-Play Lighting Installation Kit (sold separately) to add the turn function which greatly improves side visibility.

PART#	Description	MSRP
* 48300	LED Rotor Covers (pair) (chrome)	\$359.99
* 48301	LED Rotor Covers (pair) (black)	\$369.99

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

Plug-N-Play

***Please Note:** Standard Plug-n-Play is included, use with P/N **48000** (\$99.99 | **page 9**) Plug-n-Play Lighting Installation Kit (sold separately) to add turn function.

Check out the full line of Goldstrike® accessories at goldstrike3d.com

(B) LED Fork Mounted NAV Lights (Patent Pending)

The Goldstrike® LED Fork Mounted NAV Lights replace the amber reflectors with white LED accent lights combined with amber LED turn signals. Bright white and amber LEDs catch the eye of other motorists to help assure you're seen.

PART#	Description
48100	LED Fork Mounted NAV Lights (pair) (chrome)
48120	LED Fork Mounted NAV Lights (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

PlugNPlay

Fits many Trikes, visit
goldstrike3d.com for details.

Works with 78120, 78121
Fork Leg Covers.

(C) LED Engine Lighting Panels (Patent Pending)

Goldstrike® LED Engine Lighting Panels are the go-to part to dress up the top of the cylinder heads. These slim, chrome housings and bright amber LED running lights create remarkable visibility combined with unmistakable Goldstrike® style.

Functions as eye catching amber running lights, standard, and can be used with our Plug-n-Play Harness (P/N 48000) to add turn function as well.

PART#	Description
*40055	LED Engine Lighting Panels (pair) (chrome)
40056	Shock & Awe® LED Strips for Engine Lighting Panels

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

*See goldstrike3d.com for latest pricing and availability information, or sign up for email updates of all our products releases.

42000 Manual Controller

Note: This manual controller will be necessary when you purchase the LED Strips (P/N 40056) if you do not have an existing Shock & Awe® lighting set on your motorcycle. Featuring 21 different colors, flash, breathe/fade, paint mode and more from one easy to use controller.

PlugNPlay

LED Engine Lighting Panels Kit with easy Plug-n-Play harness and all necessary mounting hardware.

LED Engine Lighting Panels with Shock & Awe® LED Strips.

*Please Note: Standard Plug-n-Play is included, use with P/N 48000 (\$99.99 | [page 9](#)) Plug-n-Play Lighting Installation Kit (sold separately) to add turn function.

RIDER COMFORT

We designed the Goldstrike® 3-Way Adjustable Highway Peg Mounts to provide improved riding comfort for all Gold Wing riders. They are adjustable and the mounting position chosen by the owner may have an effect on lean angle. The rider can decide what is the best riding position for them but they must also understand how it may affect lean angle.

(A) 3-Way Adjustable Highway Peg Mounts

(Patent Pending)

The Goldstrike® 3-Way Adjustable Highway Peg Mounts are the best looking and most comfortable highway peg system on the market. They are easy to install and fully adjustable. With over 40 positions, you're guaranteed to be riding in comfort. Goldstrike® P/N **60300** & **60320** do not include footpegs. Can be used with footpegs P/N **68301**, **68321**, **68400**, **68420**, **61001** or **61021**.

PART#	Description
60300	Adjustable Highway Peg Mounts (pair) (chrome)
60305	Adjustable Highway Peg Mounts with Twin Rail Footrests (pair) (chrome)
60320	Adjustable Highway Peg Mounts (pair) (black)
60325	Adjustable Highway Peg Mounts with Twin Rail Footrests (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

Note: 2018-newer Roadsmith conversion require an additional bracket, visit goldstrike3d.com for more information

Fits many Trikes, visit goldstrike3d.com for details.

(B) Brake Pedal Cover (Patent Pending)

Transform your plain, mundane, stock brake pedal with the Goldstrike® Brake Pedal Cover! Our brake pedal cover uses high quality stainless hardware, strong cast aluminum, and non-slip rubber to enhance comfort and styling. You'll love the look and feel, especially when paired with the rest of the Twin Rail line of foot controls!

PART#	Description
68300	Brake Pedal Cover (chrome)
68320	Brake Pedal Cover (black)

RIDER COMFORT

Ⓐ Adjustable Passenger Comfort Peg Mounts (Patent Pending) with Rail Footpegs

The Goldstrike® Adjustable Passenger Comfort Peg Mounts allow you to provide your passenger with a wide range of foot positions to ensure an extremely comfortable ride. These mounts simply bolt to the frame of your motorcycle with no modification and feature strong, rigid construction paired with elegant styling. The Rail Footpeg is also included which rests perfectly in the arch of your foot with a slight kick up on the end to make sure your foot is secure and doesn't slide off. We utilize the stock hollow swing arm pivot for the up-most strength, this may or may not be found on some trike conversions.

PART#	Description
68200	Adjustable Passenger Comfort Peg Mounts with Rail Footpegs (pair) (chrome)
68220	Adjustable Passenger Comfort Peg Mounts with Rail Footpegs (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

Fits many Trikes, visit goldstrike3d.com for details.

Ⓑ Driver Footrest Adapters (Patent Pending)

The Goldstrike® Driver Footrest Adapters allow you to mount any Goldstrike® footrest, floorboard or footpeg on your Gold Wing. They fit into the stock driver footrest position with no modification and re-use the OEM mounting pin, spring and clip to maintain pivot function and ground clearance. Made from polished stainless steel. Works with all Goldstrike® footrests, floorboards or footpegs.

PART#	Description
60010	Driver Footrest Adapters (pair) (polished stainless steel)
60012	Driver Footrest Adapters (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag, 2001-2017 Gold Wing & F6B

Ⓒ Twin Rail Passenger Floorboard Inserts

The Goldstrike® Twin Rail Passenger Floorboard Inserts replace the mundane OEM floorboard rubber with something much more exciting. They feature beautiful chrome accents and textured rubber for comfort, secure grip, and long-lasting good looks. Styled to complement the Goldstrike® Twin Rail Floorboards, Footrests, and Rail Footpegs these passenger floorboard inserts are a great addition to the Goldstrike® line.

PART#	Description
68450	Twin Rail Passenger Floorboard Inserts (pair)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

Goldstrike
A DIVISION OF CIRO

RIDER COMFORT

A Passenger Armrests (Patent Pending)

Keeping your important passenger comfortable is key to a long ride. With our extended armrest pads, that won't be a problem. Our exclusive accessory port allows you to add a convenient drink holder to keep thirst at bay. Includes drink holder mounting adapter to be used with our convenient Big Ass® drink holder, (P/N **58007** or **58009**). Add a second mount to the other side of the bike or replace a lost mount with our Armrest Accessory Mount Kit.

PART# Description

25000 Passenger Armrests (pair)

25001 Armrest Accessory Mount Kit

Fits: 2018-up Gold Wing Tour, Tour DCT, Tour DCT Airbag

Accessory port on both sides.

Works great with Goldstrike® Big Ass® Drink Holder (see page 34) P/N **58007** or **58009** (Cup not included). Pivot action keeps your drink level when the trunk is opened.

B Goldstrike® Grips (Patent Pending)

The Goldstrike® Grips offer superior comfort due to their exclusive micro-textured soft touch rubber and increased diameter. We've worked to integrate modern styling with full factory functionality, ensuring efficient heat transfer through the rubber inserts in our grips. Simply bolt these grips on with no modification to your bike, and you'll be back on the road more comfortable than ever!

PART# Description

57001 Goldstrike Grips (pair) (chrome)

57002 Goldstrike Grips (pair) (black)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

A Taillight Trims

The Goldstrike® Taillight Trim enhance the look of your taillights and complement the rear end of your bike by adding a touch of chrome.

PART# Description

78210 Taillight Trims (pair) (chrome)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

B Rear Fender Extension Kit with Fender Filler Strips

The Goldstrike® Fender Filler Strips are the answer to filling in the ugly gaps between your saddlebags and rear fender. Simply slide the filler strips onto each side of the fender, and retain them with the included hidden screws. The fillers are made from durable EPDM rubber, which will still allow the fender to be easily removed for service.

For even more protection, check out the Rear Fender Extension Kit, which also includes the fillers because of its dramatically increased width. The Rear Fender Extension is styled to match your original fender, while also adding 5 inches of length to limit road debris being kicked up off the tire. This extension hugs your rear tire and mounts to the original fender using a rigid steel bracket. This part also features a clearly marked cutting path to make it easy to modify for use with a trailer.

PART# Description

68901 Rear Fender Filler Strips (pair)

68902 Rear Fender Extension Kit with Fender Filler Strips

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

Goldstrike
A DIVISION OF CIO

While working globally, Goldstrike® builds relationships with outstanding product development companies around the world. Twinart is one of those companies, and they have a passion for the new Gold Wing. Their innovative team has come up with some great products that Goldstrike® is proud to be the exclusive distributor for the worldwide Gold Wing community!

A Twinart Windshield Strut Covers

The Twinart Windshield Strut Covers are a great way to add to the overall style of your bike while giving it that custom look in minutes.

PART# Description

18100 Windshield Strut Covers (pair) (chrome)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

B Twinart License Light Lid

The Twinart License Light Lid is a great way to set your bike apart from the rest with this premium and affordable accent piece.

PART# Description

78300 License Light Lid (chrome)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

C Twinart Engine & Saddlebag Guard Covers

The stock engine guards and saddlebag guards leave a lot to be desired. Twinart has created chrome ABS covers that install easily and add just the right amount of sophistication to an otherwise mundane component.

PART# Description

78310 Engine Guard Covers (pair) (chrome)

78320 Saddlebag Guard Covers (pair) (chrome)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

D Twinart Master Cylinder Covers

The Twinart Front and Rear Master Cylinder Covers are designed to dress up the front hand controls and engine compartment. The covers fit over the dull factory component and can be installed in just minutes. The Front and Rear Master Cylinder Covers maintain the factory seal, but still allow for easy access when service is needed. **Front and Rear Master Cylinder Covers are sold separately.**

PART# Description

78330 Front Master Cylinder Cover (chrome)

78331 Left Front Master Cylinder Cover
6-Speed Models only (chrome)

78340 Rear Master Cylinder Cover (chrome)

Fits: 2018-up Gold Wing, DCT, Tour, Tour DCT, Tour DCT Airbag

C License Plate Frame

Dress up the rear of your motorcycle with the curved Ciro® License Plate Frame. This frame complements your motorcycle's styling and features hidden fasteners to provide an ultra-clean look.

PART# Description

70400 License Plate Frame (chrome)

Fits: Most motorcycles with a flat and horizontal license plate mount. For 4" x 7" license plates. **Note:** Does not fit 2010-up Street Glides® or other Harley-Davidson® models with a Stop-Turn-Tail light bar.

MEASURING TEMPLATE

1. Determine Bar Diameter

Determine the diameter of the bar at your intended installation location before ordering. Shown to the right is a basic measuring template which can be used. Simply cut along the dashed lines and wrap around your bar, the measurement that aligns to the start mark will be the bar's diameter, allowing the proper clamp or mount selection to be made.

2. Perch Mount Application

Also provided is a simple template of our popular Perch Mount. Cut out and align the template to your factory screw locations to determine if this is the correct application. All of our perch mount kits include spacers and longer screws to replace the original ones removed. Please note, the hardware we provide is suitable for replacing popular metric M6 x 20mm long screws found in many applications. If your screw is slightly different it may require customer supplied screws or spacers available from a local hardware supplier.

3. Universal Mounts

Lastly, be sure to review our options for Universal Stud, Mirror, 1" Offset, and Economy Perch Mount. These utilize a single mounting point that can be aligned with an existing hole on your vehicle or create a new location for endless possibilities. These mounting kits include a small variety of hardware to get you started. Customer supplied hardware may be needed for unique applications.

We love to see new and creative applications of our great products, be sure to snap a picture and share with us on our website or social media pages. You might be featured in an upcoming social media post or catalog!

Goldstrike

A DIVISION OF CIRO

Goldstrike® is a division of Ciro®, based in Hudson, Wisconsin. The team at Ciro® has decades of experience designing the most innovative accessories on the market. Our team's passion is to bring unique design concepts to reality for the Gold Wing and metric bike community... and we are just getting started!

Goldstrike® focuses on developing products to enhance the rider and passenger experience. We offer a full line of accessories ranging from rider comfort, to high-visibility lighting, to tastefully styled chrome or black accent pieces.

Throughout the entire Goldstrike® line, we've kept the installer and customer in mind. All of our lighting products feature plug-n-play installation to cut down on install times and keep the factory wiring completely intact. The LEDs are also backed by a limited lifetime warranty for peace of mind. All of our accessories include detailed instructions and our customer service is only a call away if you ever need help.

To learn more about the Goldstrike® line please visit our website at goldstrike3d.com or feel free to give us a call at **715-808-0027**.
