^A Without vent hole

^B With vent hole; use existing OEM vent and hardware or use National Cycle's 23050 Replacement Vent

^C Includes National Cycle's 23050 Replacement Vent and exclusive RainZip® pre-treatment

¹ Centerline measurement from top of fairing edge to top of screen

² Centerline measurement from top of screen to bottom edge of screen

All widths are measured in a straight horizontal line across the back of the screens at their widest point.

+ VStream+ Windscreens include custom-made, highly engineered and super-strong mounting hardware to accommodate bikes that have no provision for bolt-on windscreens.

VStream+ Mount Kits are included for some models to provide sufficient strength and rigidity to mount taller, touring-sized windscreens.

All VStream+ hardware is designed specifically for each model bike and is finished to match the bike's OEM finish.

VStream+ Mount Kits are included with the windshield.
