* Stock turn signals interfere with Chrome Lowers. Installation of National Cycle Light Bar or equivalent aftermarket turn signal relocation is required.

Check your specific make/model in the **SHOP** main menu for Holdster™ and Windshield Storage Bag applications.

All SwitchBlade® Windshields require a SwitchBlade Mount Kit, sold separately.

Windcreens are measured vertically from the top of the screen to the bottom center point. All widths are measured in a straight horizontal line across the back of the screen at its widest point.

One Mount Kit... Four Windshields!

The SwitchBlade® Quick Release Mounting System gives you the flexibility to mount any one of four styles of SwitchBlade Windshields to your motorcycle with ONE Mount Kit. On and Off in Less Than Five Seconds... Without Tools!

Wind In Your Hair When You Want It... Full Wind Protection When You Need It!™

We know first-hand how windshield requirements may change during the season or from ride to ride. It makes good sense to design a hardware system that allows a rider to easily change windshields. Now you can change windshield styles in a matter of seconds, without having to turn one screw!
